STINGER BORE CLEANER

AVERAGE RATING: 8.0

TOP RATED CATEGORIES: EASE OF USE, PERFORMANCE, SPEED OF CLEANING

This innovative cleaning system is easy to use. Simply load the shotgun bore cleaner into your shotgun, point in a safe direction, and fire. The primer energy ejects the cord out of the end of the barrel. To clean, simply retrieve the cord through the barrel, thus utilizing multiple pieces that clean, oil, scrub, condition and remove residue—all at once. A micro-thin coating of oil is left to lubricate and protect the bore. Contact Rhose Inc. at: (817) 249-2822; rhoseinc.com. (\$14.95/five-pack)

"I recommend this product to all fellow Club members. Its performance and speed-of-cleaning is an excellent and quick way to clean your shotgun."—WILLIAM BARBER, OKEECHOBEE, FL
